

## **Synopsis for Anesthesiology**

### **Practical Reviews Anesthesiology**

**Sponsored by: Johns Hopkins Medicine CME**

Use the skills of some of the most outstanding scholars and practitioners in the field of Anesthesiology today to cut through the mass of new information in the journals and to boil it all down to only that which is relevant to your everyday practice.

The flexible audio format enables you to efficiently use your time to learn while hunting, fishing, or during those few minutes of downtime on the golf course that may occur during the day.

### **HERE'S WHAT YOU GET:**

- Anesthesiology topics summarized and reviewed in convenient audio format, including brief commentaries with the respected Hopkins perspective.
- Key Reviews specially selected by the Administrative Editor & Course Director.
- Printed QuickFlash Review cards with take-home pearls that reinforce the audio material and give you a valuable desktop reference for instant recall by subject.
- Self-assessment quizzes to highlight key points and strengthen what you've learned.
- Color-tabbed dividers, a special subject index and a convenient binder to make retrieval of your materials quick and easy.

**Intended Audience:** Anesthesiologists, surgeons and others interested in anesthesiology.

**Special Prerequisites for Participants:** There are no prerequisites for participants.

**Learning Objective:** At the conclusion of this activity, participants should be able to:
