

Program Synopsis for Orthodontics

Practical Reviews Orthodontics

Sponsored by: American Association of Orthodontists

Use the skills of some of the most outstanding scholars and practitioners in the field of Orthodontics today to cut through the mass of new information in the journals and to boil it all down to only that which is relevant to your everyday practice.

The flexible audio format enables you to efficiently use your time to learn while commuting, exercising, or during those few minutes of downtime that may occur during the day.

HERE'S WHAT YOU GET:

- Orthodontic information and recent articles summarized and reviewed in convenient audio format.
- Printed QuickFlash Review cards with take-home pearls that reinforce the audio material and give you a valuable desktop reference for instant recall by subject.
- Earn continuing education credit from The American Association of Orthodontists.
- Self-assessment quizzes to highlight key points and strengthen what you've learned.
- Color-tabbed dividers, a special subject index and a convenient binder to make retrieval of your materials quick and easy.

Accreditation Statement:

Intended Audience: Orthodontists and others interested in orthodontics.

Learning Objectives:

- Provide Orthodontists with an understanding, overview and critical analysis of the most current and clinically useful information available in the literature related to Orthodontics.
- Read reviews of the latest basic scientific findings and the impact of these on clinical problems, as well as concise, targeted lectures by noted specialists on the most important practice-oriented subjects in these areas.
- Evaluate where controversy exists and with our distinguished editorial board of orthodontists examine the evidence and present advantages and disadvantages of the method in question. Also, controversies, advantages and disadvantages of diagnosis and treatment plans will be emphasized.
- Find useful guidance on integrating non-conventional principles and practices with conventional ones - and they'll learn how to select and employ the best of all available approaches.
- Expand upon, reinforce and give additional perspective to the participant's own regular journal review.
- After completing each issue's activity, the participant is expected to have a working familiarity with the most clinically important information gleaned from the articles reviewed

Accreditation: This program is jointly sponsored by the American Association of Orthodontics and Oakstone Publishing. The American Association of Orthodontics is an ADA CERP recognized provider.

Completed continuing education hours help meet the CDE requirements for many state dental boards, state and local associations and hospitals and clinics. Since criteria vary, participants are advised to check directly with the appropriate board or organization for applicability.

To obtain credit, the quiz must be completed and returned for scoring within 24 months of publication date.

SAMPLE COURSE CONTENT:

Here is a small sample of the CME Medical topics and current articles that will be reviewed by experts in the field. These articles are current and up-to-date, therefore each course content changes from time to time. Please contact our staff for additional information:
