

Program Synopsis for Psychiatry

Practical Reviews Psychiatry

Sponsored by: Johns Hopkins Medicine CME

Use the skills of some of the most outstanding scholars and practitioners in the field of Psychiatry today to cut through the mass of new information in the journals and to boil it all down to only that which is relevant to your everyday practice.

The flexible audio format enables you to efficiently use your time to learn while commuting, exercising, or during those few minutes of downtime that may occur during the day.

HERE'S WHAT YOU GET:

- Psychiatry topics selected for clinical relevance.
- Key Reviews specially selected by the Administrative Editor & Course Director.
- Printed QuickFlash Review cards with take-home pearls that reinforce the audio material and give you a valuable desktop reference for instant recall by subject.
- Earn Category 1 credits..
- Self-assessment quizzes to highlight key points and strengthen what you've learned.
- Color-tabbed dividers, a special subject index and a convenient binder to make retrieval of your materials quick and easy.
- Free access to CME Central featuring online CME solutions, including: a personal credit tracking system, instant access to certificates, online access to the psychiatry database, and much more!

Accreditation Statement:

Statement of Need: This activity was developed in 1987 in response to the Psychiatry Specialists' need to keep abreast of advances and new developments in Psychiatry. Dr. Donald Deye, Medical Director, Oakstone Medical Publishing, and other practitioners surveyed the opinions of colleagues and practitioners and agreed on the following: (1) Psychiatry specialists' must maintain skills and competency; (2) The medical journals are a fertile source of new information, which however, is too diverse and voluminous to be effectively used by most busy clinicians, (3) Psychiatry specialists' need a timesaving way to more effectively use the peer-reviewed reports that appear in the journals, (4) The use of this audiotape is a practical source of education medicine.

Intended Audience

Psychiatrists and others interested in the diagnosis and treatment of psychiatric disorders.

Learning Objectives

1. Develop treatment plan for patient care management based on data presented.
2. Interpret evidence of the safety and efficacy of summaries presented.
3. Compare and contrast evidence discussed.
4. Apply the best of all available approaches to clinical practices.
5. Review and analyze latest science findings and impact on clinical practice.

Accreditation Statement: Oakstone Medical Publishing is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

Credit Designation Statement: Oakstone Medical Publishing designates this educational activity for AMA PRA Category 1 Credit(s)[™]. Physician should only claim credit commensurate with the extent of their participation in the activity.

Policy on Faculty and Provider Disclosure: It is the policy of Oakstone Medical Publishing that the faculty and provider disclose real or apparent conflict of interest relating to the topics of this educational activity, and also disclose discussions of unlabeled/unapproved uses of drugs or devices during their presentation(s). Oakstone Medical Publishing has established policies in place that will identify and resolve all conflicts of interest prior to this educational activity. Detailed disclosures will be made in the course handouts.

SAMPLE COURSE CONTENT:

Here is just a sample of our course content. These topics and reviews constantly change in order to bring the physician participant the most recent medical information. Please contact our staff at our office or through our website: www.huntdoctor.com
