This is a DRAW hunt so applications are due for this hunt next year in FEBRUARY. This outfitter runs about 60% chance of drawing these outfitter sponsored tags, so contact us now if you are interested in this hunt. Expect bucks in the 18 inch to 26 inch wide range to be seen on this hunt. The hunter will experience a quality hunt and see plenty of game. Each year sees some exceptional bucks harvested. The hunters can increase the odds of harvesting a bigger buck **IF** they are willing (and in better physical shape) to hike over a mile from the roadway/parked vehicle as this is the country the bigger bucks live.

DATES: Hunts are 5 full hunting days starting in early **October** through early **November**. Please contact us for specific dates that are available.
